This is an example Questionnaire for a Market Survey. It is based on the official LHC Market Survey Questionnaire template. It includes hints and guidelines on how to prepare the Questionnaire for a Market Survey.

The example is meant as a guide to the contents, and as a reminder of the points to consider, when preparing a Market Survey. The chapters proposed in the template should be amended to suit individual cases.

The following conventions are used in this example:

- All the text in black is the text found in the Word template. This may need editing to obtain a complete Questionnaire.
- The text in red is an example of what has to be added to complete the document. In the Word template these additions are indicated by XXXX.
- The HELP are links to hints and guidelines to help the editor preparing the document.

More information on Market Surveys can be found in:
- Help and Guidelines for Market Survey Technical Description.

Help and Instructions to Use the Template

MS Number
The MS number is identical for the technical description, the questionnaire and the qualification criteria.
The MS number has the following structure:

\[ MS - 0000/LHC/LHC \]

Document Number Division Project type

It is given by the SPL Division when the Market Survey is registered with them.
Use Update Doc No on the toolbar to update this number throughout all the document (cover page and headers)

Date
Replace the month and year on the template by the current month and year
Use **Update Doc No** on the toolbar to update this date throughout all the document (cover page and packing list).

**Contact Persons** [BACK]
Leave these tables blank. There are to be filled in by the firm.
CERN contact persons must be listed in the **Technical Description**.

**Further questions - one per qualification criteria** [BACK]
Order your questions according to the order of the qualification criteria.

**SPECIFIC TECHNICAL QUESTIONS** [BACK]
Develop this chapter as required to cover all the questions specific to a particular Market Survey.
